Note:

All features and pricing shown in this quotation are indicative and subject to change. Final specifications, costs, and deliverables may vary based on your requirements, special requests, or market conditions. For a personalized quotation tailored to your exact needs, please contact us via the email or phone listed above.

ITEM

TOTAL

1. System Architecture & Technical Planning

Defining enterprise system architecture, infrastructure planning, and technical strategy for scalable, high-performance applications.

KES 15,000.00

- Enterprise Architecture Planning
- Technical Requirements Analysis
- Scalability Strategy
- Infrastructure Mapping
- Project Roadmap

2. Database & Application Architecture Design

Designing structured database systems and application architecture for secure, scalable, and optimized enterprise performance.

KES 18,000.00

- Database Schema Design
- Entity Relationship Modeling
- Backend Structure Planning
- API Structure Planning
- Data Integrity & Normalization

3. Enterprise Application Development

Full-scale enterprise application development with modular architecture, performance optimization, and scalable system design.

KES 60,000.00

ITEM

TOTAL

Component

Price (from KSh)

Frontend Application Layer

18,000

- Enterprise UI System Development
- Component-Based Architecture
- Advanced State Management
- Dashboard Interfaces
- Data Visualization Modules
- Real-Time UI Updates
- Multi-Platform Compatibility
- Frontend Performance Optimization

Backend System Layer

30,000

- Business Logic Implementation
- Workflow & Process Automation Engine
- Role-Based Access Control (RBAC)
- Multi-Level Permission Systems
- Authentication & Authorization
- Database Operations (CRUD Systems)
- Custom API Architecture
- Third-Party Integrations
- Event & Notification Systems
- Cloud Integration
- Security Hardening
- Audit Logs & Activity Tracking

Data & Intelligence Layer

12,000

- Enterprise Dashboard Development
- Analytics Engine
- Customizable Reporting Systems
- Real-Time Data Processing
- Data Export Modules
- AI / Machine Learning Capabilities (if applicable baseline support)

4. System Migration & Data Transition (if applicable)

KES 10,000.00

Secure system migration and structured data transition ensuring minimal downtime and data integrity preservation.

- Legacy System Audit
- Data Extraction & Backup
- Data Mapping & Transformation
